INTRODUCING

ECO-ENCRYPTION

ECO-ENCRYPTION is the latest innovation that has the potential to revolutionise branding for your promotional give-aways. Be it a half tone, metallic, 3D or even a 4D logo, **ECO-ENCRYPTION** can achieve it. Branding on t-shirts, shirts, bags, diaries, glass, trophies, mugs or on just about any product you may desire is possible. With sharpness unparallel to any other form of branding and colour clarity never experienced before. Reach out to us the next time you have something exciting you want to inject into your brand.

RALPH LAUREN

ULTRA

COMPRESSED T-SHIRTS

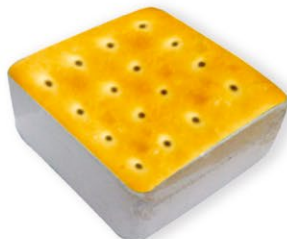

Any 100% cotton round neck t-shirt / napkin can be compressed into a miniature shape of a product. On removing the outside foil (plastic) the compressed garment is to be dipped in water for it to regain its shape.

Compression is Possible in any shape desired. If a shape other than the ones shown here is required then there is a mould cost.

Please note while creating a design for a new mold, all the edges need to be curved.

Our stock shapes are displayed on the opposite page.
